

Dear Sir,

It was my great pleasure to be associated with RGVN NE MF LTD and serve as a Director on its Board, for more than two years now. It is a matter of great satisfaction that the organisation has recorded impressive growth not only in size, but also in depth and reach, in the course such a short period, despite the very difficult time that the micro-finance sector has been passing through in the country. Needless to say that all this has been made possible by your leadership and largely due to the hard working and committed RGVN MF LTD Team under the leadership of its equally dynamic Managing Director.

It would have been my my pleasure if I could continue my association with the Company and be part of it growth story in the days head. However, I am unable to do so due to some pressing personal, family and health reasons.

I request you, therefore, to kindly accept my disengagement with the Company and also with Gyanarun Society, sponsored by the Company, with effect from 30th September, 2013 and 31st October, 2013 respectively.

The Society would need to formalise the process in their GB meeting, which I hope would be convened within October, 2013. I am therefore copying this mail to the Secretary of the Society for information and needful action.

With kind regards,

K.N.Hazarika.
